Longevity:

I use Epson UltraChrome K3 inks with Vivid Magenta, the latest in Epson ink technology with extreme color gamut especially within the blue and purple ranges, improves overall black density for significantly richer blacks.

Lightfastness Rating:

Color : Up to 200 years

B&W: Over 200 years

Media:

Canvas

Epson 19 mil Premium Canvas Satin

This canvas made from a durable blend of 65% Polyester and 35% Cotton; this unique heavyweight, quality canvas utilizes a tight weave that is ideal for fine art reproduction. It offers a high resolution coating that is pliable enough to withstand stretching without sagging, and displays a subtle texture for a true artistic look and feel.

Epson Piezo Pro Matte Canvas

Made from a durable blend of 65% Polyester and 35% Cotton, this unique heavyweight, quality canvas offers a high resolution coating that is pliable enough to withstand stretching without sagging, and displays a subtle texture for a true artistic look and feel.

What is Giclee?

Giclee, meaning to squirt, is the term used in the digital printing process on fine art paper or canvas.

Textured Fine Art Paper

Epson archival quality Textured Fine Art Paper, a 100% rag cotton paper. This acid free cold press paper is engineered to give the highest resolution and color saturation possible, made exclusively for Epson by Crane & Co., eggshell color that has the look and touch of old world handmade paper.

Other Media

Other media available upon request such as: Arches, Somerset, Hahnemule, Intelicoat

Initial Setup

The initial set up fee is a one-time charge that covers the cost of scanning your original, correcting the color, and proofing. You will be provided with a CD of your reproduction once it is complete.

The following prices may vary depending on your requirements. Your satisfaction is guaranteed.

Critical Color

The Reproduction will match the original as closely as reasonably possible in color and tone.

Critical Color Match Setup
